HATE CRIMES

SU is also required to report statistics for hate (bias) related crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, sex offenses (rape, fondling, incest, and statutory rape), robbery, aggravated assault, burglary, motor vehicle theft, arson (see definitions above) and intimidation, larceny-theft, destruction/damage/vandalism of property, and simple assault (see definitions below).

A hate or bias related crime is not a separate, distinct crime, but it is the commission of a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, gender, religion, ethnicity, national origin, gender identity, or disability, then the assault is also classified as a hate/bias crime.

If a hate crime occurs where there is an incident involving destruction/damage/vandalism of property, intimidation, larceny-theft, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

Larceny and theft are the same for purposes of Clery Act reporting. Constructive possession is the condition in which a person does not have physical control over the property but has the right to control it.
